Re: Jason Fleischer Letter of Reference

To Whom It May Concern:

I am writing to recommend Jason Fleischer for a software development role, following his tenure at Anytune Inc, where he significantly contributed to our team as a software developer for four years. Jason's expertise and dedication coupled with his unique musical background, have been invaluable to the success and evolution of our products.

During his time at Anytune Inc, Jason played a pivotal role in developing and maintaining our iOS and MacOS-based applications, ending in responsibility for the entire iOS and MacOS app portfolio. His proficiency in Objective-C and his adeptness at integrating Swift components have greatly enhanced the functionality and user experience of our applications. Jason's contributions were not limited to maintenance; he was instrumental in prototyping the next generation of the Anytune app, developing and prototyping innovative ideas using the latest technologies and practices.

Jason possesses a rare combination of technical skills and musical knowledge, which he leveraged to advance the Anytune products significantly. His ability to understand and align with the needs of our musically inclined user base, while also pushing the boundaries of what is technically possible, set him apart as a developer.

Moreover, Jason exhibited excellent problem-solving skills, particularly when debugging challenging issues in our legacy code. His commitment to clean code and best practices in software development ensured that our applications are not only functional but also becoming more robust and maintainable.

Jason's independent problem-solving approach and positive attitude made him a valued member of our small team. He consistently demonstrated the initiative to exhaust all possible solutions himself before seeking assistance, showcasing a strong sense of responsibility and resourcefulness.

While we are saddened to part ways with Jason due to organizational changes, I am confident that he will bring his considerable talents, strong work ethic, and innovative thinking to his next role. I highly recommend Jason and believe he will be a valuable asset to any team fortunate enough to have him.

Should you require any further information, please feel free to contact me at tony@anytune.app.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Tony Wacheski', with a long horizontal flourish extending to the right.

Tony Wacheski,
CEO, Anytune Inc.
